

## Croatia iIC Explosion-proof Distribution Box

### Overview

Introducing our Explosion-proof Lighting (Power/Repair) Distribution Box, designed for enhanced safety and efficiency in hazardous environments. Flameproof enclosure Ex d IIB+H2 Copper-free aluminium enclosure, powder coated surface. Equipped with a specialized hinge structure which can prevent damage to the flameproof joints when opening and closing the box and greatly prolongs the service life. We offer bespoke, custom-made terminal boxes and terminal box combinations, as well as standard products with short delivery times. Our products are certified for installation technologies all over the world. Flameproof enclosure (Ex db), which can be used as feed distribution equipment in control and distribution system (such as distribution box, switch box of main circuit, control box, terminal box or motor starting box etc. ) Enclosure: 304 stainless steel, 316L stainless steel and Q235.
