

Fiber Optic Cable Pole Pad

Overview

Downlead clamp, also called lead wire pads, are fixed to poles or strain relief towers to guide fiber optic cables up or down through them. These brackets and hooks provide a stable and secure support system for the cables, ensuring their proper installation and protection. What is a Universal Pole Bracket?

The UPB is a lightweight yet high-strength bracket designed to securely mount fiber optic cables, including ADSS (All-Dielectric). Pole attachment hardware includes: clevis eyes, socket eyes, ball clevis, anchor shackle, oval eye nut, shoulder eye bolt, pole eye plate, and shielded wire support. HOW CAN WE HELP TODAY?

PLP transmission, distribution, substation, fiber optic, solar, and EV solutions protect and connect overhead electric power lines and communications networks. Fits to poles of wood, or steel or concrete.
