

High-quality U-shaped cable routing frame

Overview

Split cable entry system for routing cables with connectors providing an IP54 / UL Type 12 rating. Routing, sealing and providing strain relief for cable diameters from 1 to 35 mm. ABB saves time and labor with its comprehensive lines of metal framing and cable tray, including the industry's only 100% plated products, our 1 1/2" modular system, and hundreds of accessories to complete any job. Modular framing: With our Kindorf ® 1 1/2" modular channel system, all parts fit all. Product Name: U-shaped Steel Cable Tray Product Models: ZXJ200 / ZXJ300 / ZXJ400 / ZXJ500 / ZXJ600 Material: Cold-rolled steel Surface Treatment: Powder coating Color Options: Huawei Grey / Telecom Blue Dimension Parameters: Length: 2.5 meters Width: 200mm / 300mm / 400mm / 500mm / 600mm Main. Cable grommets are placed into compartments and are securely fixed to the. These cable trays from LANZ are made of robust steel, with rounded shapes and with halogen-free polyethylene coating IEC 60754-1 / EN 50267-2-1 compliant (RAL 7035), or stainless steel. U-channels are ideal installation channels when small quantities of cables need to be installed solidly, quickly. FlexFusion™ Cabinets XG offer a unique universal platform for all types of data centers and servicing needs including Hyperscale, Edge and Multi-Tenant Data Center. Four channel profiles are available as plain back or slotted back variants and each can be assembled into multiple configurations when additional load carrying capacity is needed. This is further complimented with a wide range of brackets.
