

## How much does a four-color spectrometer cost

### Overview

Prices for new systems generally range from \$3,000 to \$60,000, depending on the wavelength range, sensitivity, and additional features. High-end models designed for advanced fluorescence detection or extended UV-Vis ranges are priced at the upper end. Check each product page for other buying options. Need help?

Online shopping for Spectrophotometers - Spectrometry from a great selection at Industrial & Scientific Store. Prices vary widely, from a few thousand dollars for basic benchtop models to high-end systems costing tens of thousands. Used systems offer a more cost-effective. The price, the convenient and intuitive interface, the convenient system of search, where you can input the desired cost and the manufacturer, will help you to buy the most suitable device in no time.
