

How much does a zinc-nickel cable tray manufacturer charge

Overview

Basic cable tray systems cost \$3-15 per foot depending on type and material. Installation labor adds \$5-8 per foot to total project costs. Ladder trays typically cost 20-30% less than solid bottom systems. Bulk orders of 1000+ feet can reduce unit pricing by 15-25%. Regional variations. Basic cable tray systems cost \$3-15 per foot depending on type and material. Installation labor adds \$5-8 per foot to total project costs. Ladder trays typically cost 20-30% less than solid bottom systems. Bulk orders of 1000+ feet can reduce unit pricing by 15-25%. Regional variations. Cable tray prices can vary by 20-40% even when products appear similar in size and shape. In most cases, the difference is not random. It is driven by several technical and material-related factors that are often omitted or simplified in quotations. Cable trays will tend to be significantly less expensive to use in.
