Huijue Group was founded in 2002, is leading Photovoltaic modules Manufacturer in China, to provide customers with the optimal energy storage system solutions and safe and efficient storage full range of products, covering household energy storage system, industrial and commercial energy storage. Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an. Huijue Group, founded in 2002, is a leading technology innovation company in the field of energy storage systems. As a subsidiary of Highjoule Group, it provides customers with optimal energy storage system solutions and a full range of safe and efficient storage products, covering household energy. Shanghai Technology R&D Center was established, opening the mode of independent R&D and innovation Self-owned brand products enter the radio and television and operator markets Established more than 20 offices in China. Huijue's optical fiber energy storage uses doped fibers to trap photons (light particles), converting them into stored energy. Think of it as a "light battery" that charges faster than you can say "lithium-ion. The company owns two well-known sub-brands: Huijue and LZ Energy.
