

Huijue Fiber Optic Cable Connection Panel

Overview

Huijue Communication Equipment specializes in producing ODN product series, including jumperless optical cross-connect cabinets, optical fiber distribution boxes of various core counts, optical cable joint closures, termination boxes, and other optical. Huijue Communication Equipment specializes in producing ODN product series, including jumperless optical cross-connect cabinets, optical fiber distribution boxes of various core counts, optical cable joint closures, termination boxes, and other optical. Established in 2001, Shanghai Huijue Network Communication Equipment Co., Ltd (HJ Network for short) is the leading manufacturer and solution provider for telecom and communication products. The headquarter of HJ Network including the R&D center, technical center, prototype dept and sales is. At the heart of every fiber-to-fiber and fiber-to-device interconnect is a precision fiber optic interconnect assembly. com is committed to using the most advanced precision component design, metrology and manufacturing technology. Continuous research and development, participation in. Haian Huijue Network Communication Equipment Co. Optical Distribution Frame is designed for fiber optic cable distribution and management in optical communication. NG4access ® Cabled Modules available in all module sizes and fiber counts up to 864 fibers NG4access ® Splice Tray Four sizes of interchangeable Propel fiber pass-through adapter packs provide the breadth of capabilities for virtually any configuration. Four sizes of interchangeable Propel fiber. The optical cable terminal box series serves as an auxiliary device for terminal distribution within optical fiber transmission networks.
