

## Indonesian power distribution box manufacturer

### Overview

Custom electrical switchgear, power distribution systems, and flow control solutions for Indonesia's industries. Designed, installed, and maintained by local experts backed by our global technology partners SIEMENS, Danfoss, and Watts. PADI represents a company which is actively providing electrical solutions, manufacturing, supplying and distributing high quality electrical products with competitive price. We provide custom fabrication for steel, stainless steel, aluminium and PVC. GSPE is a prominent manufacturer of power distribution solutions, offering a range of products designed for efficient and secure power management in data centers, industrial facilities, commercial buildings, and telecommunications. Profab was established in 1998 in response to industry demand for a cost-effective, South East Asian solution. Established in 2000, Sindutama Industri Teknik has solidified its reputation as a leading strategic partner in providing comprehensive electrical engineering solutions based in Surabaya, Indonesia.
