

Installation price of old-style outdoor distribution boxes

Overview

Typical project ranges for a single distribution box install span from \$500 to \$3,000, with most residential jobs landing around \$1,000 to \$1,800. Key cost drivers include panel amperage, indoor vs outdoor location, wiring length, and whether a full panel upgrade or rerouting is needed. The article outlines cost ranges, per-unit pricing, and practical. Understanding distribution box cost involves examining the comprehensive investment required for electrical distribution systems that serve as crucial infrastructure components in residential, commercial, and industrial settings. For multi-box configurations or complex trenching, costs often exceed \$2,500. Materials matter: concrete boxes cost more upfront but last decades, while plastic boxes are often less expensive. Labor costs vary depending on soil conditions, site depth, and site accessibility.
