

Price of New Optical Cable Construction in Sierra Leone

Overview

The Government of Sierra Leone is set to roll out the phase two of a US\$30 million fiber optic project. The Ministry of Information and Communication say the project is part of government's effort to further digitize the country. During this phase of the project, fibre cables will be installed in unconnected regions and enable MNOs and ISPs to expand their capacity. 6Wresearch actively monitors the Sierra Leone Fiber Optical Cable and Cable Assembly Products Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, revenue analysis, and forecast outlook.
