

Ranking of Cast-in-Place Busbar Manufacturers

Overview

According to Expert Market Research, the top busbar companies are Siemens, ABB, Schneider Electric, Eaton Corporation, and Mersen, among others. Busbars also known as bus bars, barra electrica, or busbar electrical systems are essential components in modern electrical distribution. Whether used in industrial bus bars, EV charging, renewable energy plants, or building infrastructure, busbars offer compact, efficient, and safe current. Also, please take a look at the list of 30 busbar manufacturers and their company rankings. The busbar market was valued at around USD 18.43 Billion in 2025 and is expected to grow at a CAGR of 5.30% from 2026 to 2035, reaching nearly USD 30.89. Legrand offers a range of busbars as part of its electrical distribution systems, highlighting their commitment to efficient and high-quality wiring accessories that enhance both home automation and safety. Product Quality: The durability and reliability of the busbars.
